1. Welcome and Introductions.

The Chair of Kedington Parish Council, Ann Naylor welcomed all present and thanked everybody for attending.

2. Presentation by JAYNIC representations regarding the development of Karro Foods, Little Wratting.

Parishioners present were concerned regarding the development and addressed their issues to representatives of JAYNIC.

Concerns were:

- (a) Existing Screening, hedges and trees were left, and seek to keep the existing landscaping. Would like to keep existing screening of Stour Valley Path.
- (b) Concerned re the height of the new buildings.
- (c) Site has an abundance of Wildlife, concerned this may be lost.
- (d) Had JAYNIC established there was a need for this type of areas.
- (e) Re-routing of Traffic and the need for some traffic measures. New safety measures must be considered.
- (f) It was suggested that there were other sites far more suitable for this type of development along the A14 corridor.

(g) The development would be 'unsightly' for our village. Then Anglian Water works was given as an example.

Nic Rumsey and representatives responded to the Parishioners concerns. They confirmed they would ensure the existing screening, established trees and shrubs would remain and they would work with the village to enhance the area further. They are mindful of the wildlife. JAYNIC has consulted with local groups and there may be a possibility of recreation areas being created. i.e., Football and sports area. They would of course look at traffic measures. Nic Rumsey stated they were not looking at developmental areas. They reiterated they would like to work with us.
